WHY BRINTONS

We believe that the finest carpet deserves the finest service, and Brintons is unrivalled in exceeding your expectations through breathtaking design, quality craftsmanship, superior service and technical expertise.

- Extensive design and styling opportunities
- Unrivalled clarity in design
- Enhanced durability
- Better appearance retention
- Greater dimensional stability
- Sound insulation
- Improved safety
- Ease of maintenance
- Enhanced comfort underfoot
- Reduced noise pollution
- Longer life = lower cost of ownership and lower impact on the environment
- The longest floor life in the industry

CARPET IS REGARDED AS THE MOST VERSATILE FLOORING CHOICE WHEN SHAPING A COMMERCIAL INTERIOR.

Product offer

The carpets in this brochure are ready-made stocked collections which can be supplied quickly and easily to any project world-wide.

However, if you have a project that requires a customised solution, Brintons has an exceptional commercial product offer to meet the needs of your installation. We also offer solutions for more specific requirements around static control, access flooring and fade resistance.

For more details contact us at solutions@brintons.co.uk or visit www.brintons.net

Brintons innovative design studio online programme gives clients access to thousands of digital designs to re-colour online. To sign-in or register visit: dso.brintons.net

Performance details

Brintons warrants that its carpets will be free from defects arising from faulty manufacture or the use of faulty materials and will conform to the quality and performance standards as outlined in the product's quality specification. We can provide this information, together with tolerances applying to specific test results, upon request.

Many of our stocked ranges meet the marine flammability requirements as required by the International Maritime Organisation (IMO). The Wheelmark shows that the carpet conforms to the IMO Safety of Life at Sea (SOLAS) requirements for spread of flame, smoke and toxicity.

Brintons carpets also carry the CE mark under EN 14041:2004 and perform to EN 13501. We can provide declarations of conformity for flammability performance upon request.

Colour match

Our carpets are produced from a wool-rich yarn blend. All natural textiles have colour and blend variances and an exact match to sampling is not guaranteed. Heather and berber effects are created by blending different coloured wools which can appear as dark flecks or linear forms in the carpet. This is considered an attractive and intentional feature of the finished product.

Pattern match

Due to subtle design repeats extra material may be required to ensure continuation in design and pile direction. This will vary depending on the installation and should be incorporated in the planning and estimating for a commercial project.

Country of origin

Brintons woven carpets are made at our own manufacturing plants in the UK, Portugal, Poland or India.
