Len-Tex Contract

A dazzling new addition to the Mylar-printed Len-Tex designs, Envy embodies elegance and drama. A multi-color linen print creates depth, and the accompanying emboss on the mirrored surface creates shimmering light reflections for an overall luminous effect. This on-trend design delivers a radiant visual effect that will transform any space from ordinary to extraordinary. Ten stunning colorways include warm and cool metal tones as well as vibrant jewel tones-- Envy mixes beautifully with rich woods and luxurious upholstery, adding a glamorous touch to accent walls in hotels, restaurants, lounges and retail.
