

EPI Court Tour

Acrylic Hardcourt Sports Surface

Description

EPI COURT TOUR is a 100% acrylic coating system which has been developed and manufactured with the most modern and up to date raw material technology. EPI COURT TOUR is ITF classified and designed and formulated for the installation of tennis and Multi Use Games Areas. EPI COURT TOUR is pigmented and textured making it the ideal surface for a wide range of sports surfaces.

EPI COURT TOUR comes in a range of five standard colours, Light Blue, Dark Blue, Light Green, Dark Green and Red. Other colours are available on request.

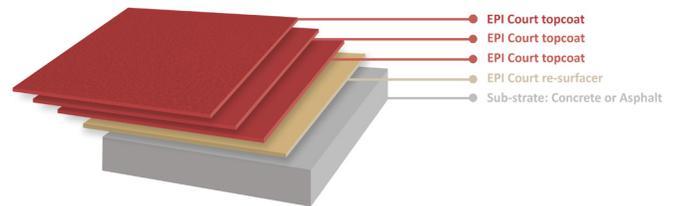

Properties/Advantages

- ITF certified
- Water based
- Fast installation
- Low maintenance costs
- Long lasting with excellent durability
- Consistent pace
- Excellent slip resistance when wet and dry

Installation

Installation of EPI Court Tour is constructed with a base layer of a water based re-surfacer mixed with dry, graded sand and applied with a rubber squeegee. Two filler or wear coats are then applied using the same rubber squeegee, allowing the first application to fully cure before application of the second layer. A final topcoat is then applied using the same application technique. Game lines are then applied using EPI COURT game Line Paint in the required colours.

Technical Data

- ITF Classified to Medium Fast
- Slip resistance 70 Wet and 90 Dry (TRRL Pendulam)
- Multiple layer water based acrylic
- Non Porous
- 100% acrylic coating
